

GADDAFFI CASH BLOW TO SWS 2011

News of the interception of a German Ship by the UK Border Agency and allegedly carrying £100 million in bank notes has provoked an outraged comment from Mr Big who said “for months now I have been working on a major sponsorship deal for SWS 4 and now, due to the ineptitude and insensitivity of the UK Border Agency this deal is in ruins. It would have been the biggest sponsorship deal in World Series history.” He continued “ Colonel Gaddafi shown here in his uniform of Commodore of RTYC (Royal Tobruk Yacht Club) is a major force in sand yachting and would have helped us develop new courses on Broadsands and Goodrington Beaches”.

Mr Big is believed to be hiding somewhere in Tunisia.
