

## HOT OFF THE PRESS

Keen observers of the Brixham harbour scene cannot have failed to notice a pianos racey new pick up buoy styled in bright yellow—definitely this seasons colour.

Is it just coincidence that this exactly matches the hull colour of Valhalla—currently for sale? I don't think so!.

Informed sources are suggesting that Stevie L-S (aka Mr Big) may be trading the piano in for a more comfortable craft and being a fashionista is already matching mooring gear to his new vessel.

At the time of writing Mr Big was not available for comment. However if the rumour is true it will rock the SWS world. If untrue, we hope soon to welcome Sonata number nine into the pack.
